## Your Goods & Services are the basis of our community trading system.

Write a sentence or two describing the goods and services you have to offer. Be creative! Think of these as "Want Ads". You need to include a dollar value. Use the going rate on the regular market as a guide. You can trade wholly in saubucks or partly in saubucks and Canadian dollars. For example you can split a charge like this – "General Carpentry offered. Specialize in drywall \$20 hr, 70sb/30CDN." This is an alternative local economic trading system so we encourage you to trade as much as reasonably possible in saubucks.
